

15mm Polished Silver U Channel For 10mm Thick - 3.66 mtrs (Model: G7013A)

POLISHED SILVER FINISH

- Suitable for 10mm thick glass.
- 3.66 mtr waste saving lengths.
- More economical for shower enclosures as it is polished aluminium as opposed to polished chrome.
- This is the most popular aluminium profile that is used for creating bespoke shower enclosures.
- The depth of the channel is ideal for disguising and discrepancy in the plumbness of the wall, allowing for the glass to be cut straight.
