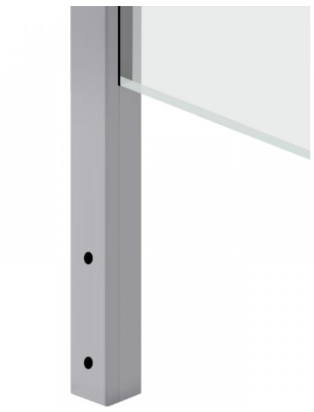
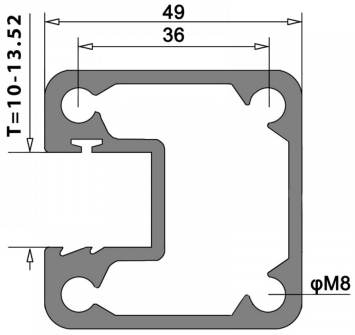
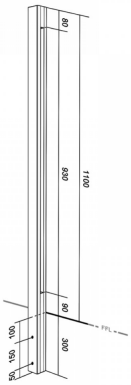
Side Mounted EaziRail End Post Right - 1100mm - Anodised (Model: K.EZAL.SM.ENDR.AN)







- Pre fabricated side mounted balustrade post that is suitable for 10mm - 13.52mm thick glass.
- This post is suitable for the right hand side of an installation as looked at from inside the balcony.
- Extremely fast and simple to install.
- These posts can be finished on top in three different ways depending on your preference.
- A handrail can be easily installed, the post can have a flat cap with the glass below it or the glass can be higher than the post and a slotted cap can be installed.
- These post provide a really great windbreak as there are a lot less gaps than traditional stainless steel posts.
- Bespoke size posts can be manufactured to suit your requirements.
